#	Party	When	Question	Answer
		2016-03-30 19:55:44	Announcement	Problem B. Qualifying Contest ***** First pretest matches the first sample. However, be sure you follow the following output format: surname1 surname 2 . That means, there should be no space after the surname2. Also, you do not get penalty for wrong answer on pretest 1.
		2016-03-30 19:43:36	Announcement	Problem A. Round House ***** The issue about green highlight for problem A is resolved.
		2016-03-30 19:37:35	Announcement	Problem D. Bicycle Race ***** Turn is considered to be dangerous only if it's ignorance will result an immediate fall into water.
		2016-03-30 19:36:29	Announcement	Problem A. Round House ***** There are some technical issues with green highlight for problem A. We are working on to fix this ASAP. If you see verdict "pretests passed" it means everything is ok and your solution have indeed passed pretests.

Codeforces Round #346 (Div. 2)

Finished

Practice

→ Virtual participation

Virtual contest is a way to take part in past contest, as close as possible to participation on time. It is supported only ACM-ICPC mode for virtual contests. If you've seen these problems, a virtual contest is not for you - solve these problems in the archive. If you just want to solve some problem from a contest, a virtual contest is not for you - solve this problem in the archive. Never use someone else's code, read the tutorials or communicate this other person during a virtual contest.

Start virtual contest

→ Practice

You are registered for practice. You can solve problems unofficially. Results can be found in the contest status and in the bottom of standings.
